

Swanage Railway Company

February 2025

The Swanage Railway Company is a company limited by shares with shares held by the Swanage Railway Trust and by a number of individual shareholders. Shares were issued by the Company in the 1990s as a way of encouraging investment in the railway. With changes to charitable giving, it is now far more financially efficient for donors to donate directly to the Swanage Railway Trust which is then able to claim Gift Aid on those donations.

Over the years since shares were last issued it has become clear that a number of those individual shareholders are no longer contactable – they have moved address or their whereabouts is no longer known to us. Mail sent to previous addresses has been returned marked 'Not Known' or 'Gone Away'. Sadly, we are very much aware that a number of former supporters of the railway and shareholders in the Company have now 'crossed the tracks' and are no longer with us. In some cases, shares have been transferred as part of probate but in many cases we have no knowledge of any beneficiaries. In some cases, contact has been lost for over 25 years!

We do now need to take steps to try to trace or otherwise contact those who hold shares in the Company or their beneficiaries. Please do look at the lists shown below and contact Peter Milford, Company Secretary, cosec@swanagerailway.co.uk if you recognise any names and are able to assist with current contact information or details of any subsequent beneficiary.

Deceased shareholders – please advise any known beneficiaries:

<i>Name</i>	<i>Last known area</i>
